- Vision of the region
- Art and culture
- Regional economies and tourism
- Health and wellbeing

Applications are now open for the 2018 Loddon Murray Community Leadership Program which will be in February next year.

Open to all residents of central and northern Victoria, the program includes 24 days across the region and beyond (including study tours to Melbourne and Canberra) and will explore themes such as:

- Leadership skills
- Personal development and growth
- Innovative communities
- Education and youth
- Agriculture, water and environment
- Justice and Social Enterprise
- The political landscape

Underpinning every program day will be leadership development with participants encouraged to build their skills, knowledge, confidence and networks so they can make a positive difference in their community – and of course YOUR workplace.

So if you have a staff member that has the potential to grow your business/organisation, consider supporting them to undertake the LMCLP in 2018.
